Murlidhar Nagar, Nashik - 422010 | +91 9594023995 | sanechacko555@gmail.com

## SUMMARY

Motivated and dedicated Computer Science student with a strong academic foundation in programming, algorithms, and software development. Adept at problem-solving and working collaboratively in diverse team environments. Quick to learn new technologies and apply them to solve complex challenges. Eager to leverage my academic knowledge in a real-world setting through an internship opportunity, contributing to impactful projects and gaining valuable hands-on experience.

## PROFESSIONAL EXPERIENCE

### Full-Stack Developer Intern | ESTPL

Jan 2025 - July 2025

- Developed and maintained the **Kondaji Chivda** - E Commerce website, implementing full-stack functionality with **HTML, CSS, Bootstrap, JavaScript, Node.js, Express.js, and MySQL**.
- Contributed to the development of **Spenca** website, a product information website, focusing on building and enhancing user-facing features using modern front-end technologies.
- Built and integrated **RESTful APIs** to enable seamless communication between front-end and back-end components.
- Gained hands-on experience in full-cycle web development, from UI design to server-side logic and database connectivity.
- Collaborated in an agile environment, practicing version control and team-based development using Git.
- Additionally, trained in **React.js**, further strengthening front-end development skills and understanding of component-based architecture.

### Web Developer Intern | SachiTech

May 2024 - Jun 2024

- During my internship at SachiTech, I contributed to the development of a web application titled **Aavish Interio**. The project involved building the front-end using **HTML, CSS, JavaScript, Bootstrap** for responsive design. I was responsible for creating a user-friendly interface, integrating interactive features, and ensuring the application was both visually appealing and functional. Through this experience, I gained hands-on skills in web development, problem-solving, and teamwork while learning how to optimize web applications for performance and usability.

### Project - Blood Bank Management System

Jun 2023

- Technologies: **HTML, CSS, PHP, MySQL**
- Blood Bank Management System is a web-based application. The entire project was developed with distributed client server computing technology in mind. Through this application anyone interested in donating blood can register through this website. Moreover, any general patients can request blood through this site.

## EDUCATION

<b>Master of Science in Computer Science</b> GES H.P.T. Arts and R.Y.K. Science College   SPPU   Nashik	Aug 2023 - Jun 2025
• CGPA : 8.50 / 10	
<b>Bachelor of Science in Computer Science</b> ASM CSIT   SPPU   Pune	Aug 2020 - Jun 2023
• CGPA : 8.86 / 10	
<b>12th</b> NBHS and JR. COLLEGE   MSBSHSE   Pune	Mar 2020
• Percentage: 62.92 %	
<b>10th</b> NBHS and JR. COLLEGE   MSBSHSE   Pune	Mar 2018
• Percentage: 81.40 %	

## SKILLS

- **Technical Skills:** HTML | CSS | Bootstrap | JavaScript | Node | Express | React | MySQL | MongoDB | C | Python | Java
- **Soft Skills:** Quick Learner | Effective Communication | Ability to work in a Competitive | Environment | Teamwork
- **Languages:** English | Hindi | Marathi | Malayalam

## HOBBIES

- Playing Musical Instrument | Drawing | Reading
